Office of the City Manager

May 4, 2020

The Honorable Ronnie Michael
Members of the City Council
Albemarle, North Carolina

Dear Governing Board Members:

I am honored to submit for your review and consideration the proposed Budget for the Fiscal Year beginning July 1, 2020. This budget totals \$70,498,870 and I am pleased to report the City will once again be able to discharge all of its financial obligations in the current fiscal year and that I can present a budget to do the same. The proposal submitted for your consideration reflects an overall .77% decrease from the current Fiscal Year Adjusted Budget Authority (adjusted budget includes amendments to reflect the current authority). I anticipate the City will close the current fiscal year in good position with adequate balances in our funds. Despite many aggressive initiatives and the recent extreme changes we have seen in our economy, our General Fund reserves remain healthy and have allowed the City to tackle projects for the betterment of our community. Reserves in many of the Enterprise Funds are also in a strong position. This demonstrates the fiscal discipline of the City's staff and elected officials by ensuring each budget year balances and fulfills the commitments based on financial capabilities present within the budget year. I am extremely proud of the job the City has done to plan and position itself to address our routine needs and our many new initiatives, while also being prepared to handle the adverse impact the Coronavirus issue is having on our revenues. Without knowing where this issue will take us, we may very well be forced to utilize reserve funds to sustain operations, particularly in the utility funds, which is a reason strong reserves are essential.

The proposed FY 20/21 Budget utilizes the taxable property valuation estimate provided by the Stanly County Tax Assessor of \$1,084,000,000 and I recommend keeping our current tax rate of 64-cents per \$100 of assessed value. I am particularly pleased to make this report on the tax rate, as the City's priority setting and financial planning in recent years indicated an additional tax increase would be required to continue on the established project path. The City staff and I have worked extremely hard to strengthen cash reserves to allow the current capital path to be followed, but without the anticipated additional tax increase. It has meant a great deal of discipline on our part and even a few sacrifices; however, this is what has led us to where we can avoid a tax increase for the time being. With all that is occurring, continuing to utilize First Tryon to develop and refine our long-term financial strategy is one of the wisest decisions City Council and the Mayor could make. Their financial planning and

forecasting services, along with the Council's priority setting, has placed many plans into motion. As a result our strong financial planning helps avoid surprises while pursuing our many goals and objectives.

Overall, the development of a balanced budget to meet the needs of our citizens has been extremely challenging this year. There is the rising cost of doing business and the ever-growing expectations of the City. A long-term challenge continues to be the limited revenue options available to municipalities, thereby placing a greater strain and reliance on property taxes. I cannot stress this enough. North Carolina continues to limit municipal revenue options and utilize an outdated revenue system for local governments. Examples include the loss of the ability to annex, loss of business license fees, a system that weighs heavily on property taxes, sales taxes subject to market fluctuations, and an inequitable sale tax distribution method. Without a broad and modern revenue system to bring stability we are more vulnerable to the changes in our existing revenue sources. I ask that each of you pay extra attention to the revenue line items in the General Fund. By far, the major sources of revenue are property and sales taxes and we only have control over one of these sources. Consequently, the Coronavirus issue has a significant impact on the budget I am presenting to you. However, faced with these challenges City staff does an outstanding job in controlling costs and doing what is been asked of them. Additionally, the Mayor and City Council have committed to growing the local economy and employment base, and doing all they can to improve the opportunities and quality of life for our residents.

ACCOMPLISHMENTS

Despite the challenges, the current fiscal year has seen many accomplishments. First, we received a very strong audit report that showed steady or increasing balances in our major funds. We also received approval from the Government Finance Officer Association of our second ever Certified Annual Financial Report. This is an excellent reflection regarding City staff's professionalism and competency in managing the overall complex financial operations of the City.

In the General Fund, we were on schedule to see a reduced transfer by year's end from the Electric Fund from what was budgeted prior to the economic downturn, have engaged a firm for engineered plans for the development of the Albemarle Business Center, and are scheduled to be completed with the construction and renovation on the new Police Headquarters building. For the first time in our history the City has hired a full-time staff Attorney to help navigate the ever increasing complexity of the environment in which we work and I believe we all have already seen the benefits. In Parks and Recreation we anticipate the installation of an HVAC system for the Waddell Center gymnasium and entered into a partnership with Stanly Community College to pave parking areas around the Waddell Center. This year new and diverse programs were brought to the Albemarle Neighborhood Theatre, demonstrating the community jewel this facility has become. The Fire Department has seen the purchase and installation of a new generator to power Fire Station 1, the installation of vehicle exhaust system to improve the health and safety of our employees, acquisition of extrication equipment, as well as the awarding of a \$291,428 Grant

to fund up to 95% of the cost of new self-contained breathing apparatus (SCBA). We have increased our creativity and collaboration to facilitate the removal of a large number of dilapidated residential structures and in addressing nuisance properties. We continue the implementation of the branding and streetscape initiatives, we continued the services of Retail Strategies for the recruitment and retention of retail businesses to prevent leakage to other communities, acquired a new street sweeper, purchased six new Police vehicles, and continued the bolstering of the City's technology infrastructure (cost shared by all funds).

Substantial progress has been made in the economic development arena as well. We continue to see many of the benefits of our in-house economic development activities, which include contributions and work from Departments and employees across the City. Most significantly we have experienced the job creation at Enforge. As we all know, we were in a competitive situation with the Enforge expansion and existing jobs could have easily been relocated out of state. We should be proud that through our efforts we were not only able to retain existing jobs, but help facilitate a plant expansion, additional investment, with jobs increasing from approximately 30 to approximately 90. A great deal of work went into ensuring these jobs remained in Albemarle and we were able to demonstrate to Enforge that it was in their best interest to remain and expand here in Albemarle. The City's progressive attitude toward downtown revitalization, the plans and strides made with streetscape improvements, our capital projects and investments, and appearance enhancements also play a critical role in the progress we are seeing in the downtown. Another area where we continue to make significant gains and witness success is with our work with Retail Strategies, designed to prevent retail leakage to other counties and provide local opportunities. As we saw with a local discussion regarding the distribution of sales taxes, the existing retail and retail sector growth in Albemarle provides a tremendous benefit across Stanly County. It is not only critical to the budget of the City of Albemarle, but also to the revenues of Stanly County and all other municipalities that our efforts have kept local dollars spent locally. Additionally, calendar year 2019 saw a record value in building permits issued in Albemarle, with permits totaling \$53,185,027. This surpasses the previous record of \$29,969,398. This kind of growth is what we planned for when establishing our economic develop program in 2014 and demonstrate we are on the correct path and are making positive change by providing hope and opportunity for our residents through greater economic opportunities.

The accomplishments and ongoing projects in the Enterprise Funds are also significant. In the Electric Fund we continued the relocation of electric infrastructure associated with the NC 24/27 widening project to the river. We continued with our pole inspection and replacement program to maintain our high level of system reliability. These efforts show the benefit to our system and customers when disasters strike as we have seen the quick turn-around for power restoration for our customers. In some recent cases, complete power restoration on the Albemarle electric system has occurred days before customers on other systems in Stanly County. Our investment in the electric system has made this possible and we are fortunate to do this with no recent electric rate increases, but in fact decreasing customer rates. The Electric Division also continues to play a key role in preparing for the development of the Albemarle Business Center. Finally, the City was again a winner of the Public Power Award of Excellence, receiving awards in Continuous Improvement, Value of

Public Power, Wholesale Power Cost, and Workforce Development, all of which are a direct reflection of our services, investment, and employees.

In Water and Sewer operations we will see the completion of the Phase 2 inflow and infiltration work and first phase of electric rehabilitation work at the Wastewater Treatment Plant. The WWTP Plant and sewer services remained in operation throughout the project, which was no small task. We also installed a new collection line within the WWTP property with our own forces thereby reducing the ultimate cost of the Phase 3 contract. We have undertaken a cost of service study, continued our I&I work with the sealing and venting of manholes, and continued the project to move to AMR meters. We also paid our second of three installment of \$434,000 to the NCDOT for the relocation of our water and sewer infrastructure as part of the NC 24/27 widening project. We undertook other significant infrastructure projects, such as the slip lining of the sewer line along Mill Street and the creation of loop in the water system on Forrest Avenue to improve water quality. We also continued with our principal and interest payments for the CKA project and Phase 1 I&I work and others.

Another significant activity took place as a result of being self-insured for health insurance. When I made the recommendation to move to self-insurance 4 years ago, one significant benefit noted was that any monies beyond actual costs are returned to the City instead of turning into profit for a private carrier. These returning revenues provide us with an opportunity to look for and provide health-related services and benefits in a way not possible in the past. As a result, we were able to offer comprehensive physicals to all employees as a preventative wellness service in FY 19/20. In addition to the benefit to the participants, preventative activities such as this aid with cost control.

Possibly the most impressive accomplishment of the year has been our employee and organizational response to the Coronavirus pandemic. In this line of work it is often said that the public can take for granted the services we provide until service is discontinued or interrupted. What we are currently dealing with is a perfect example. The City is an essential business with essential services and at no time have we stopped providing electricity, providing potable water, treating wastewater, accepting and processing daily waste, recyclables and other materials at the Landfill, assisting the needs of the development community, around the clock law enforcement and fire services, and the internal services needed to make it all happen. As difficult as the situation has been, the situation would be dramatically worse for the general public if just one of these services ceased to exist. We are fortunate to have careers in local government that are essential and allow us to continue to work and serve, but the dedication, commitment, and sacrifices of our employees often go unnoticed. In our line of work to be unnoticed often means we are doing our jobs and I extremely proud of what we have been able to continue to provide to help our City through these difficult times.

GENERAL FUND

Overall, the proposed General Fund Budget totals \$16,783,384, representing a 3.85% decrease from the 19/20 Fiscal Year Adjusted Budget (adjusted budget includes amendments to reflect the current budget authority). As detailed above, the budget presented does recommend keeping the ad valorem tax rate of 64-cents per \$100 of assessed valuation. The budget includes no increases in planning and zoning fees but is built around an increase from \$5.00 to \$10.00 annually for the motor vehicle registration fee. In recent years the City's contribution to street maintenance and preservation has increase by \$125,000 in the General Fund alone and the fee increase helps keep pace with the expanded program. The budget does make an adjustment to the monthly solid waste collection fee (which includes recycling) and the solid waste disposal fee to keep this service self-funded.

I believe it is always worth pointing out where the funds we collect go and what property taxes actually provide taxpayers. The operations of the Fire and Police Departments alone account for 53.98% of the General Fund Budget expenditures. The total cost of these two Departments is \$9,059,753 while the proposed property tax rate generates revenues totaling \$6,986,845. The difference is \$2,072,908 and would therefore require an 18.99-cent tax increase in order for property taxes alone to fully fund just these two operations. While the City provides outstanding Police and Fire service and are proud to do so, this example demonstrates the need to grow the economy and local tax base as well as diversify the revenue structure.

Capital initiatives in the General Fund section of the proposed 20/21 Budget are certainly fewer than anticipated; however, we are able move forward with our core services and the most significant capital needs. The budget allows for the continuation of the streetscape program and the services of Retail Strategies for the recruitment and retention of retail businesses to prevent leakage to other communities. The budget does propose a completely new initiative by funding a small business loan program. Program details are being developed and \$50,000 is dedicated to this program from previously received development funds. The budget contains a \$25,000 increase in the General Fund share of street maintenance and repair, a high priority of the Mayor and Council. The City-wide increase in funding for street maintenance and repair has increased by \$200,000 in the last five fiscal years. Additionally, the budget proposes the rehabilitation of the street vacuum truck. We have previously discussed replacement, but Public Works staff believes a comprehensive overhaul of our existing unit will get us what we need at a far less expense than a replacement. We have also funded major sidewalk rehabilitation projects in conjunction with the Pfeiffer construction as well as sidewalk improvements on South Street. The acquisition of two Police vehicles, mobile data terminals, mobile printer replacements, and wireless data devices for each officer in the Police Department is funded. We also have the addition of a third School Resource Officer on a cooperative basis with the Stanly County Schools. The budget provided for an additional position in the Planning and Development Services Department in order to eliminate the cost of currently contracted services and provide full-time services dedicated to the appearance of our community. Funding for Community Risk Reduction activities in the Fire Department in order for the Department to increase visibility, build relationships, and provide a greater focus on fire prevention education is provided. Other initiatives and projects contained with the budget include installation of a new roof on Fire Station #1 and apparatus bay floor replacement and bathroom renovations at Fire Station

#2. In Parks and Recreation we plan for the installation of a new roof at the EE Waddell Center, the purchase of a zero-turn mower, ADA compliant lifts for both pools, and a pool vacuum and new pool filtration system at Rock Creek Park. Funding for the wayfinding project (shared by all funds) is provided as well as enhancements in the City's technology infrastructure.

POWELL BILL FUND

The Powell Bill Fund is proposed at \$576,635 which is a 6.07% decrease from the current Fiscal Year Adjusted Budget (adjusted budget includes amendments to reflect the current budget authority). Overall, it does include a bulk of the funds for our street preservation and maintenance program with \$200,000 in Powell Bill funds. Funding for the Powell Bill comes from the State as a portion of the gas tax and is remitted to municipalities for road maintenance. Over the years funding has not kept pace with needs and in fact, funding levels for FY 20/21 are almost identical to amounts ten years ago in FY 10/11.

WATER & SEWER FUND

The Water and Sewer Fund Budget is proposed at \$11,081,074 and is 3.74% higher than the current Fiscal Year Adjusted Budget (adjusted budget includes amendments to reflect the current budget authority). The proposed budget does include a 6% water and an 8% sewer rate increase. This is the first year I recall having disparate rate adjustments, as an analysis of our system shows that sewer revenues are not at a level to cover the cost of the system. Though we have one Water and Sewer Fund I believe it is important to have rates more accurately reflect costs allocation as we do have water customers that are not sewer customers, and vice versa. The overall need for rate adjustments are based on the significant revenue lost from a reduction in consumption by a previously large user and recent debt assumption related to capital projects in the Water and Sewer Fund.

There are many needs and commitments addressed in the proposal. The budget reflects for the first time the principal and interest payments coming online for the Phase 2 inflow and infiltration and wastewater treatment plant electrical upgrades, totaling almost \$6,000,000 in state revolving loans. Funds are budgeted to pay the City's share to relocate a water line as part of the NCDOT Bethany Road bridge replacement project. We plan for our routine maintenance needs as well unique projects such as replacing roadway lights with LED lights, repairing a section of roof, and replacing carbon and fluoride tanks at the Jack F. Neel Water Treatment Plant. We plan to resurface a section of the Waste Water Treatment Plant road with in-house labor, continue with routine I&I work with the lining of manhole towers, as well as the routine replacement of vehicles and equipment. One significant new endeavor is the contracting for ongoing maintenance and repair responsibilities on our water tanks. This proposal will provide for all needed repairs and maintenance to our tanks, including painting, on a multi-year schedule. This should allow the tanks to remain in an overall better state of repair and help us avoid large and often unexpected costs. An ongoing significant accomplishment is the City will continue to meet its current debt obligation in the Water and

Sewer Fund. Many improvement projects benefiting both water and sewer customers have taken place in recent years. While these are costly projects, we have pursued these for the best interest of our customers and for the long-term reliability of our system.

ELECTRIC FUND

The Electric Budget is proposed at \$32,723,335 and represents a .4% increase from the current year Adjusted Budget (adjusted budget includes amendments to reflect the current budget authority). The Budget does reflect a change as we begin to implement the recommendations of the rate and cost of service study. The purpose of the study was to ensure that rates are appropriate to fund future needs, and that classes of customers are charged appropriately. The budget does implement the recommendations to increase base facilities charges, as a large part of our system expense is simply in providing the infrastructure and other expenses to maintain services. We will also be implementing the rate schedule that does not increase rates for the average user in each category. In fact, the average residential user will see a 3.5% reduction in their rates. These changes are being implemented following a five-year period where rates have already been reduced 5.6% for all classes of customers. As a City, we can be very proud of what we have been able to do with the rates for our customers and still remain a Public Power Award of Excellence winner.

Overall, major initiatives include upgrades to meter reading software, pad mount transformers for new subdivisions and other developments, a mini-excavator, the engineering and physical replacement of a 3-phase recloser for system reliability, a new Derrick / Digger truck to replace a unit with failing hydraulics and significant needs maintenance needs. I have also included funds to repaint the decorative street light poles in the downtown area, as it has been several years since this was last performed and the paint is fading. We continue funding of the pole inspection and replacement program that began in 15/16. The Electric Fund Budget also continues to fund its proportionate share of our overall economic development activities and other shared City expenses.

SOLID WASTE DISPOSAL FUND

The Solid Waste Disposal Fund is proposed at \$2,830,421 in FY 20/21, representing a decrease of 9.7% from FY 19/20 Adjusted Budget (adjusted budget includes amendments to reflect the current budget authority). One factor for the significant reduction is the landfill is an area where changes in the economy are first noticed. As a result, the budget has been developed around a reduction of 5% from the FY 19/20 budgeted revenues. I am not recommending any change to the tipping fee for municipal solid waste (MSW) or the construction and demolition (C&D) disposal fee. There is also no proposed change in the \$1.00 per ton fee specifically designated for closure and post-closure costs. The budget as proposed carries out obligations without any appropriation of fund balance and in fact provides for an increase in our savings for future capital needs and closure-post closure costs. The Solid Waste Disposal Budget includes principal and interest payments for the force main sewer leachate line. It also includes a repayment to our reserves, as we borrowed from ourselves by utilizing Landfill cash to pay for the construction of

the Employee Facility. We made the commitment to replenish our reserves and this budget proposal follows through on that commitment.

PUBLIC HOUSING FUNDS

The Public Housing Section 8 proposal reflects a total of \$1,576,044 which is a 3.72% increase from FY 19/20 Adjusted Budget (adjusted budget includes amendments to reflect the current budget authority), while the Conventional Public Housing Budget is proposed at \$1,408,255 which is a 4.88% decrease from FY 19/20 Adjusted Budget (adjusted budget includes amendments to reflect the current budget authority). Both housing program budgets consist primarily of federal funds and revenues from tenant / resident rental payments. The proposal allows for the continued operation of both housing programs. A majority of capital programs and initiatives do not appear in this annual budget, but are a part of the Capital Fund Program Budget. This budget follows US Housing and Urban Development guidelines and is presented to and reviewed with Council as projects and expenditure are ready.

HEALTHCARE FUNDING

FY 20/21 begins the fourth year of a self-funded health insurance program. To date, we have been very successful in pursuing this path. We have been able to retain all savings realized from year to year, rather than having these funds go to a private provider. Being self-insured we do set our own rates and funding levels. For the first time since moving to self-insurance, I am proposing a 10% increase in the per person funding for the program. This recommendation keeps pace with the expense trends we have been experiencing.

With the change in benefits and brokerage representatives, we anticipate moving forward with an even greater level of cost control and preventative care measures. Being self-insured allows us to undertake these activities by using the savings realized through the operation of the plan, potential savings from less than anticipated usage, or through the use of our accumulated reserves.

OVERALL

In all funds, the budget proposal does include a 1.5% cost of living adjustment for all employees to become effective in July. This will enable us to in some cases keep pace with the salary study performed 6 years ago, and in other instances not have salaries fall further behind the market. I did remove from the budget the customary 1.0% to focus on a variety of compensation issues, such as providing merit increases for top performers, addressing the issues of compression, leap-frogging and other concerns in order to get us through the current economic downturn. In looking toward the future, the budget does propose the compensation study previously discussed and authorized by City Council. The hope is we can perform the

study and fund the results for approximately one-third of our employees in the following year.

I believe this budget and proposed activities enable the City to continue to perform its essential mission, is financially responsible, and provides for quality services. Even with the recent erosion of revenue sources in the General Fund, the multitude of restrictions placed on municipalities, and the challenges that arise in our many business operations, we continue to find ways to fulfill our duties and commitment to our citizens, businesses, and employees. I would like to express my appreciation to the entire City staff for their work in the development of a thoughtful and fiscally responsible budget as well as for their efforts throughout the year to ensure we live within our means and within budget boundaries. The City of Albemarle is the most diverse operation in Stanly County with one of the most complex budgets. The task of developing and managing the City of Albemarle Budget is too great for any one person and I would not have been able to fulfill my responsibility of providing a fiscally responsible and balanced budget without their assistance. I particularly want to thank Finance Director Colleen Conroy for her assistance. I also want to thank Assistant City Manager Nyki Hardy and Assistant Finance Director Jacob Weavil who played significant roles in the overall budget development this year. Nyki has also been instrumental in ensuring that the routine operations and the needs of the City and our staff continue to be fulfilled as I focused on the budget development process. The Mayor and City Council also need to be commended for their participation and input in this process. Many hours of new planning and goal setting activities were undertaken to identify the priorities of the City, which in turn provided focus to the entire process. The FY 20/21 Budget includes initiatives that are the result of many hours of education, discussion, prioritization, and deliberation by the City Council and in numerous ways is reflective of your goals and your overall philosophy for the City. Finally, I want to thank the Mayor and City Council for the faith and trust placed in me to develop and manage the budget to continue to serve our residents, taxpayers, and the business community. This is a responsibility I take extremely seriously and continue to work hard to achieve.

Copies of the proposed budget are being made available to the news media and copies for public inspection will be available at the City Hall, at the Albemarle Branch of the Stanly County Library (if opened to the public), as well as on the City's website. A public hearing on the budget can be set for Monday, June 1 at 7:00 p.m.

Sincerely,

Michael J. Ferris
City Manager
City of Albemarle

ORDINANCE 20-14
2020-2021 BUDGET ORDINANCE
CITY OF ALBEMARLE, NORTH CAROLINA

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ALBEMARLE AS FOLLOWS:

SECTION 1. That the following amounts are hereby appropriated for the operation of the City government activities for the fiscal year beginning July 1, 2020, and ending June 30, 2021, according to the following schedules:

SCHEDULE A - GENERAL FUND

Administration	1,882,236	
Public Safety	9,059,753	
Public Works	3,230,080	
Planning & Development Services	670,375	
Recreation	1,940,940	
TOTAL GENERAL FUND		16,783,384

SCHEDULE B - POWELL BILL

Street Maintenance & Construction	576,635	
TOTAL POWELL BILL FUND		576,635

SCHEDULE C - LANDFILL FUND

Administration & Operating	2,324,159	
Debt Service and Appropriations	506,262	
TOTAL LANDFILL FUND		2,830,421

SCHEDULE D - WATER & SEWER FUND

Administration	2,248,173	
Customer Service	103,470	
Water and Sewer Plants Division	5,755,069	
Water and Sewer Systems Division	2,974,362	
TOTAL WATER & SEWER FUND		11,081,074

ORDINANCE 20-14
2020-2021 BUDGET ORDINANCE
CITY OF ALBEMARLE, NORTH CAROLINA

SCHEDULE E - ELECTRIC FUND

Administration	2,339,463	
Customer Service	109,929	
Operations	30,273,943

ORDINANCE 20-14
2020-2021 BUDGET ORDINANCE
CITY OF ALBEMARLE, NORTH CAROLINA

SECTION 3. That there is hereby levied the following rates on each one hundred dollars (\$100.00) valuation of taxable property as listed for taxes as of January 1, 2019, situated and lying:

- A. Within the confines and limits of the City of Albemarle for the purpose of raising the revenue for the current year's property tax as set forth in the estimated revenue, and in order to finance the foregoing appropriations:

General Fund	\$0.64
--------------	--------

The above rates of tax are based on an estimated total assessed valuation of property for the purposes of tax of One Billion Eighty-Four Million (1,084,000,000) for this fiscal year

- B. Within the confines of the municipal service district in the City of Albemarle established by resolution 96-11, for the purpose of raising the revenue for the current year's property tax as set forth in the estimate of revenues, and in order to finance the foregoing appropriation:

Municipal Service District	\$0.10
----------------------------	--------

The above rate is based on an estimated total assessed valuation of property for the purpose of tax within the municipal service district of Forty-Seven Million Three hundred Thousand (\$47,300,000) for this fiscal year

Section 4: The City Manager or a designee is hereby authorized to transfer appropriations as contained herein under the following conditions:

- a. Transfers between line item expenditures within a department without limitation and without a report being required. These changes must not result in increases in recurring obligations such as salaries.

ORDINANCE 20-14
2020-2021 BUDGET ORDINANCE
CITY OF ALBEMARLE, NORTH CAROLINA

b. Transfers up to \$1,000 between departments, including contingency appropriations, within the same fund. The budget officer must make an official report on such transfers at the next regular meeting of the Governing Board.

c. All transfer between funds require prior approved by the Governing Board in an amendment to the Budget Ordinance.

SECTION 5. That copies of this ordinance shall be furnished to the Finance Director and City Clerk to be kept on file by them for their direction in the disbursement of City funds.

This ordinance was introduced by Councilmember Bramlett
a member of the City Council of the City of Albemarle.

Christopher Bramlett
Councilmember

Adopted this 1st day of June, 2020

Michael
Mayor

Attest:

Cynthia Stone
Clerk to the Council
